

Registering for the start.gg website

Students will have to register for the start.gg website, where they will receive all their fixtures, check in, receive game server information to join, and input their scores after game completion.

Registering for start.gg

Students will register by going to start.gg and clicking in the bottom left corner of the screen. Students will then see the registration page (on the right) and will be required to provide start.gg with the correct personal details.

Students below the age of 13 will require a parent/guardian to sign up for them.

Once you have signed up, please refer to *'Registering for the SACSA event on start.gg'*
